SENIOR CLASS TRIP

The seniors will never forget the morning of March 30. At four o'clock in the morning, they loaded the buses that would take them eight hours away from home. Accompanied by Rocky and Jack, their bus drivers, they were soon on their way.

After several hours of traveling, they crossed the bridge that led them to Canada. Once in Canada the seniors still had plenty of hours ahead of them. Along the way they picked up Jerry, their tour guide from Phillips Travel Service, and then ate breakfast at McDonald's. Soon everyone was aboard again to travel the last hours of their destination.

Finally, at 12:35 p.m. they were in Toronto. Once unpacked the students went sightseeing till five o'clock. During this time many did such things as: visit the Eaton Center (Canada's largest shopping centre), drove in a taxi, took a ride on the subway, walked down the streets, and some discovered that the Harlem Globe Trotters were staying at the same hotel they were.

At five o'clock the seniors dressed to eat at the Old Spaghetti Factory. After eating, the class walked to the CN Tower (the tallest free standing structure ever built). At the CN Tower, they saw a film and then headed to the indoor observatory level (1,136 feet high). Some of the daring students went up to the space deck which is 1,465 feet high (the world's highest public observatory gallery). Looking over the city was a most breathtaking view.

Afterwards the seniors went to their hotel to swim and also to walk down Yonge Street. It was then time to sleep.

In the morning the seniors awoke, ate, and started to pack. Before leaving Toronto they visited Casa Loma, a 98-room castle actually in the city of Toronto. It was then time to say goodbye to Toronto and head for Niagara Falls.

The seniors viewed the falls from the Canadian Lookout and from the Skylon Tower. In what seemed a short time, all that was left was the long trip home.

The seniors would like to thank all who helped make this trip possible, the chaperons, Mr. and Mrs. Howard Miller, Mr. and Mrs. Roger Schimmoeller, Mrs. Athen, Sister Barbra Jean, and Mr. Kreinbrink, and anyone who supported this unforgettable weekend. They will always treasure the trip.

A FINAL FAREWELL

Graduation was held on Sunday May 27. The Seniors and their parents first attended a 12:30 p.m. Baccalaureate Mass in Church. The 74th Annual Commencement Exercises were then held at 2:00 p.m. in the gymnasium. The invocation was given by Father Bonifas. Four honor speakers, chosen among the top ten percent of the class, then provided the graduation speeches. After remarks by Mr. Bruns, Mr. Zeigler reviewed the class's academic achievements. School Board President, Mr. Richard Hemker, then presented diplomas to the sixty-six seniors. Finally the class sang its song. "Memory." The Seniors would like to thank everyone for helping to make the day so special.

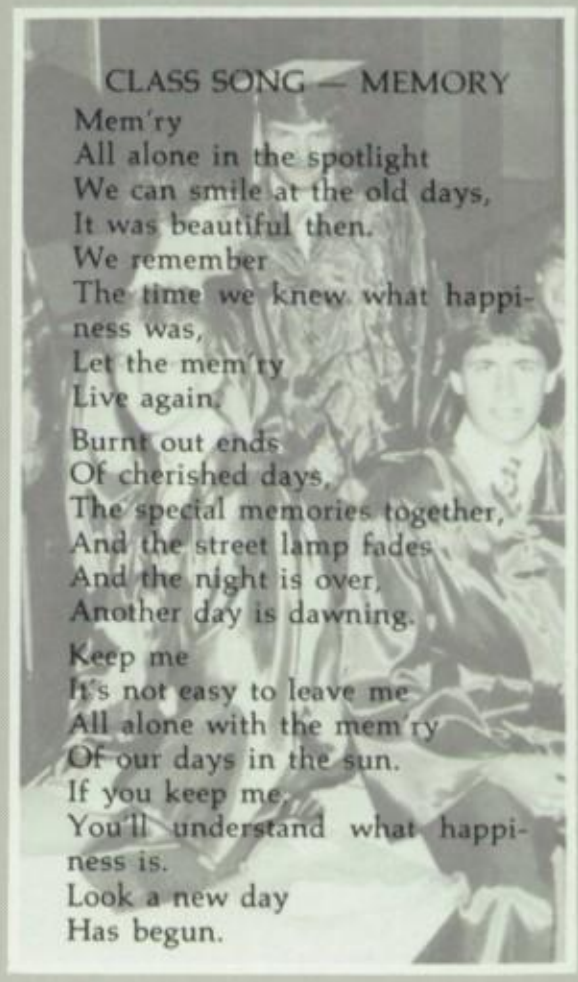
A NEW BEGINNING



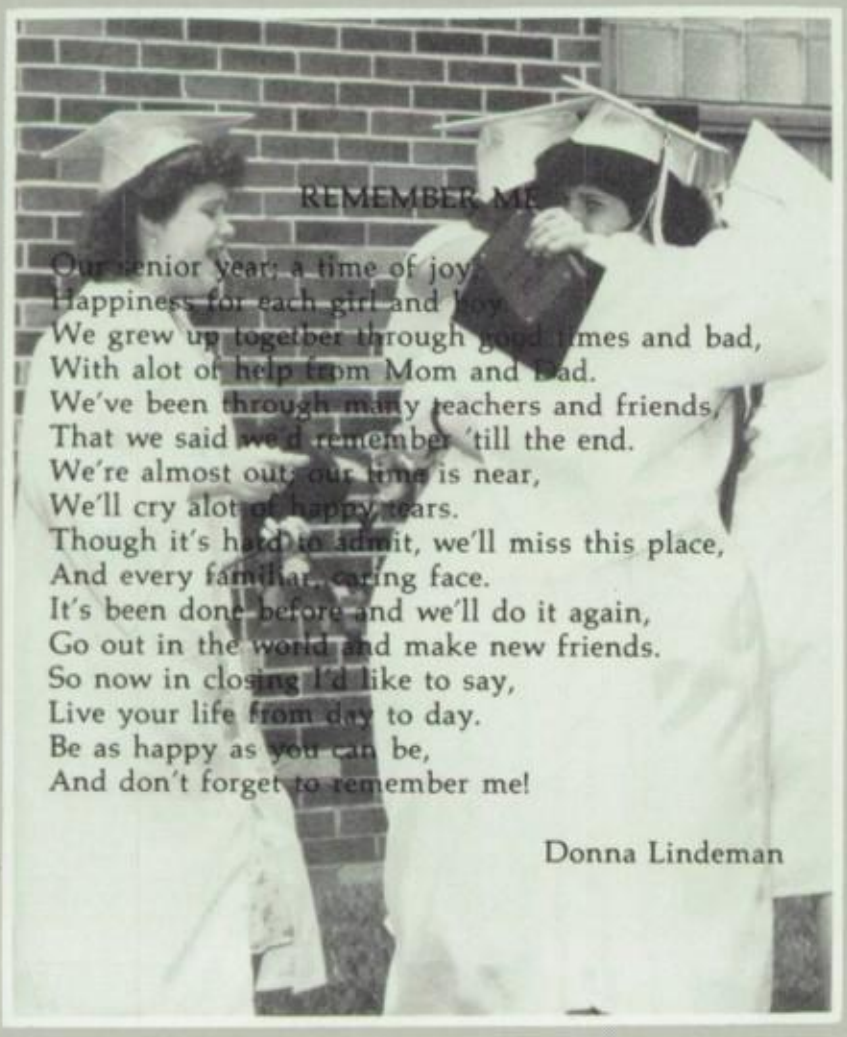
CLASS SONG — MEMORY

Mem'ry
All alone in the spotlight
We can smile at the old days,
It was beautiful then.
We remember
The time we knew what happiness was,
Let the mem'ry
Live again.

Burnt out ends
Of cherished days,
The special memories together,
And the street lamp fades
And the night is over,
Another day is dawning.

Keep me
It's not easy to leave me
All alone with the mem'ry
Of our days in the sun.
If you keep me,
You'll understand what happiness is.
Look a new day
Has begun.

Top Scholastic Senior — Karl Boecker



REMEMBER ME

Our senior year: a time of joy,
Happiness for each girl and boy.
We grew up together through good times and bad,
With alot of help from Mom and Dad.
We've been through many teachers and friends,
That we said we'd remember 'till the end.
We're almost out; our time is near,
We'll cry alot of happy tears.
Though it's hard to admit, we'll miss this place,
And every familiar, caring face.
It's been done before and we'll do it again,
Go out in the world and make new friends.
So now in closing I'd like to say,
Live your life from day to day.
Be as happy as you can be,
And don't forget to remember me!

This year the eighth grade joined the high school marching band, mainly to increase numbers. The adjustment was made quite easily, and memorizing of music and march steps did not present a large problem.

The group performed at the District III Solo Ensemble contest, receiving three Superiors and three Excellents. Participation was also undertaken at the New Bremen Contest, Christmas, Winter, and Spring concerts, and also at Cedar Point in the summer of 1984.

QUALITY PROGRAMS

MUSIC IN MOTION

The OHS Marching Band began the season with summer band during the month of June. Weekly practices were held as the band prepared for the 1983 season. The band performed in the Columbus Grove parade and gave a concert at the Ft. Jennings Park Festival. The track show was presented at the Putnam County Fair and during a trip to Cedar Point. The summer season ended with first place at the Cloverdale parade.

The fall season opened with band camp on August 15-19. Camp proved to be a good learning experience for everyone, especially the eighth grade which had been added for a fuller sound and look. The competition show was put together and polished during the band camp's five days of hot weather. In

early September the band participated in the Ottoville Park Carnival, Pioneer Days, and the Van Wert County Fair.

The competition season opened at Piqua at which OHS could only garnish a III. The next week the band raised its score at Spencerville but could not pull out a II. At Delphos the OHS Marching Band claimed an Excellent rating. The band then traveled to the Lake Competition near Toledo and again received a II rating and captured third place in Class C. The Marching Band rounded out its season at Bellefontaine with another Excellent rating and the trophy for Best Majorette Corps.

Nice form!

This year's volleyball team was led by five seniors: Beth Ruen, Josie Wenzlick, Judy Honigford, Brenda Beining and Donna Lindeman. These seniors, along with five juniors and one sophomore, provided the fans with exciting volleyball action. The team concentrated on basic skills and a more complicated strategy.

Although the season started off slowly, the team enjoyed a very successful 12-8 record.

Volleyball awards were given to:
Judy Honigford: MVP; Dist. 8 All Star Honorable Mention.
Josie Wenzlick: 110%
Beth Ruen: Most Improved Player; Dist. 8 All Star Honorable Mention.

The Cross Country season was in a building year with the loss of the top six runners. Although the team demonstrated its ability to excel, it lacked the experienced runners to give leadership to younger boys. The boys look forward to the 1984-85 season since none will be lost via graduation this year.

The 1983-84 basketball season was very exciting for the coaches, players, and fans. The Big Green, posting a 20-4 record, did have many close games. This year the team specialized in defense, holding opponents to 48.8 points per game. After capturing the runners-up spot in league action, Ottoville finished the season in the Elida district finals.

What grace!

The Big Green Reserve Basketball Team chalked up another successful season this school year. Losing only three games (Two of the three losses were by a total of six points.), the Reserves gained a lot of experience to help prepare themselves for future varsity years.

Hey, Tom! Where's the ball?

Jump high, Mike.

What a shot!

Nice form, Chris.

On January 23, Ottoville held its annual homecoming ceremony. The 1984 king and queen were Jim Bendele and Josie Wenzlick. The senior attendants were Todd Schimmoeller and Judy Honigford. Junior attendants were Gary Burgei and Julie Hilvers. The sophomore class was represented by Dale Honigford and Lori Landwehr. Finally, the freshmen were represented by Bill Honigford and Wendy Miller.

The highlight of this year's homecoming was a spotlight that was used to accent the attendants as they walked to their places to the song "Truly," by Lionel Ritchie. Another addition to the ceremony was miniature attendants: Mitch Beining, son of Mr. and Mrs. Paul Beining, and Karla Kroeger, daughter of Mr. and Mrs. Kenneth Kroeger.

GIRLS VARSITY BASKETBALL

The 1983-84 girls varsity basketball season spelled success in several areas. Completing a 14-6 season record, the Big Green was co-champ of the PCL and third in defense in the Defiance Cresent-News coverage area.

The 1983-84 Girls Reserve, consisting of a very young team — 8 freshmen, 3 sophomores, and 3 juniors, — worked very hard to compile a 10-9 winning record.

Mass Confusion

COACH SCHWIETERMAN'S COMMENTS

Despite a very young and inexperienced team, the reserve girls basketball team finished their season, 10-9. A dramatic improvement was made throughout the year behind the leadership and limited use of upperclassmen. This was a growing year for all the reserve girls. With this firm foundation the outlook for the future is promising.

Look at that speed.

Beth shows her determination.

With only a few returning experienced runners, the 1984 track team fell short of early wins. As the season progressed, however, noticeable improvement became apparent — with the best performance seen in the county meet. The Big Green thinclads garnered 50½ points, good for a second place finish in the PCL. Ottoville can look forward to an improved season with more experienced boys coming back next year.

GIRLS TRACK

This year's girls track team was comprised of one senior, four juniors, three sophomores, and three freshmen. Having a small team, the girls worked hard to accomplish several goals. As in 1983, they broke four school records: Tracy Stanz in the 300 hurdles, Barb Peters in the two-mile, and Wendy Miller in the 800 meter run, and also the 1600 meter run.

OHS EDUCATORS

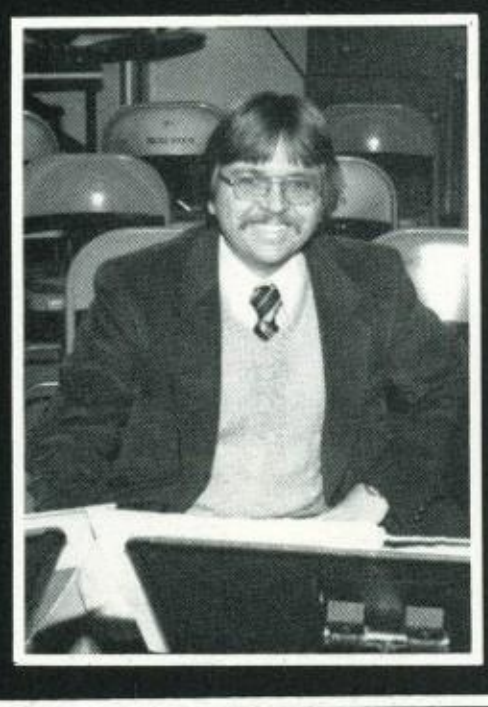
Each teacher was given this question to answer:

"What do you learn most from your students?"

Here are their opinions:

"All students want to achieve some degree of success. I recognize a high level of perseverence as students succeed. In addition, if a student is treated fairly by his/her teacher, it is generally reciprocated." — Kay Ahten — Art.

"Each child responds to the knowledge and values I try to teach them in his or her own way. I must respect that way if I am to be an influence in that child's life and education." Sr. Barbara Jean Backs — Second Grade.



"I have learned that given the chance, students can come up with excellent ideas. They can sometimes see the way of doing things that I haven't thought of. Given a little liberty, students can be very creative." Mr. Thomas Bixler — Music.

"Patience, fortitude and fear of results." Mrs. Helen Devitt — Home Economics.

"My students help me see and understand." Miss Kathleen Doll — English and German.

"I have learned to be more patient in working with youth." Mrs. Olivia Gandy — Guidance Counselor

"Students have helped me become more aware of individual feelings. Because of this, I have learned that not everyone can be treated alike. Therefore, I have to adjust my teaching to their personality traits. This awareness has also extended beyond the classroom, helping me deal with other people." Mrs. Celeste Geise — Grade 5 and 6..

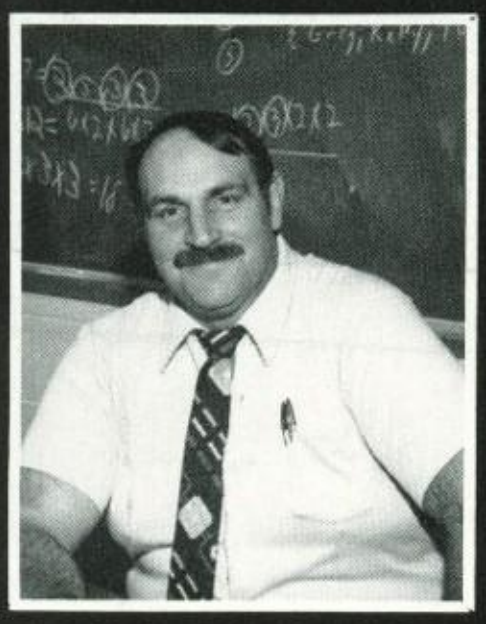
Mrs. Jean Grothause — Primary L.D.

"I have learned that a smile can turn a frown upside down." Mrs. Darlene Hanneman — Grade 2.

"Each student needs to know someone cares. Some students will cover up their feelings but under their protective shield is a human who needs to know that classmates, teachers, and parents care. I learn that we need to compliment, smile, and be nice to each person." Mrs. Catherine Heitz — Grade 5 and 6.

"Children are our most precious resource. The longer I am in education, the more truth I see in this statement. This is one resource money cannot buy. Money is needed for our children's education, personal well being, and entertainment. But more importantly, this "resource" requires a part of us — our time, attention, and care." Mr. Thomas Hoersten — Grade 5 and 6.

"I have learned enthusiasm from my students. This keeps one thinking young and more energetic." Mr. Robert Kaple — Math

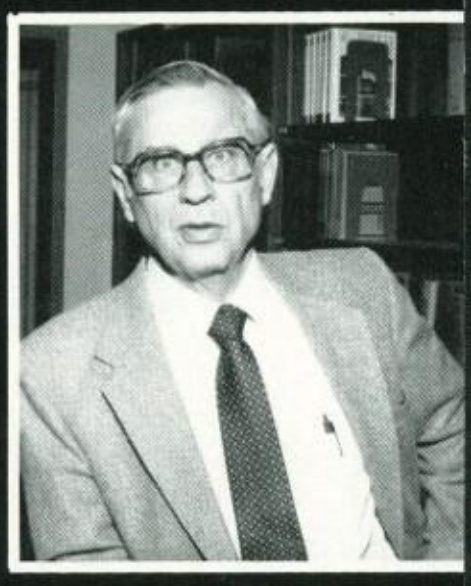


"I have learned that a "spoonful of sugar" goes a long way. Small children thrive on praise. They also teach me to be patient." Sr. Rosalie Kastner — Grade 1.

"My students have taught me that there are many ways to spell a word, that there are more ways to write a sentence incorrectly than correctly, and that countries have a way of moving around on the earth.

I have also learned that no two days will ever be the same." Mrs. Marilyn Kaufman — Grade 4.

"The student who sets goals early in his/her school days and pursues those goals usually ends up making a success of himself." Mr. Francis Kern — Librarian and Shorthand.

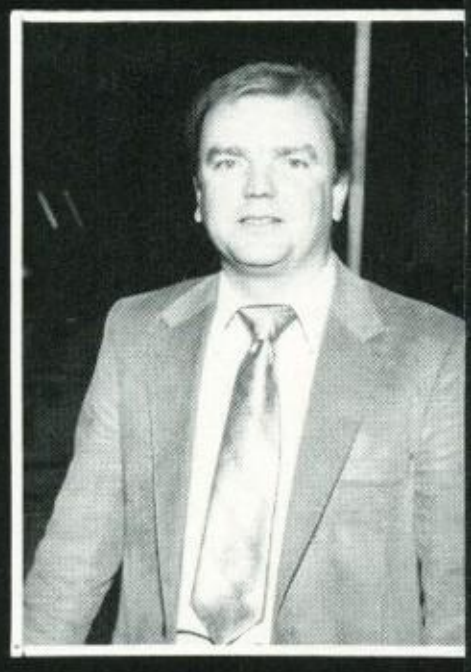


"My students have taught me to be prepared for the unexpected, to have tremendous amounts of patience, a good sense of humor, and a willingness to accept them as they are." Mrs. Unalee Kious — Grade 3.

"I have learned through my 5 years of teaching experience that students need to be delegated a sense of responsibility. There are some who cannot handle this responsibility or trust, but in general, you will have more mature students if this can happen." Mr. Mark Knott — Business Education.

"I have learned never to assume" anything, for things are not always what they seem." Mrs. Donna Kortokrax — Grade 3.

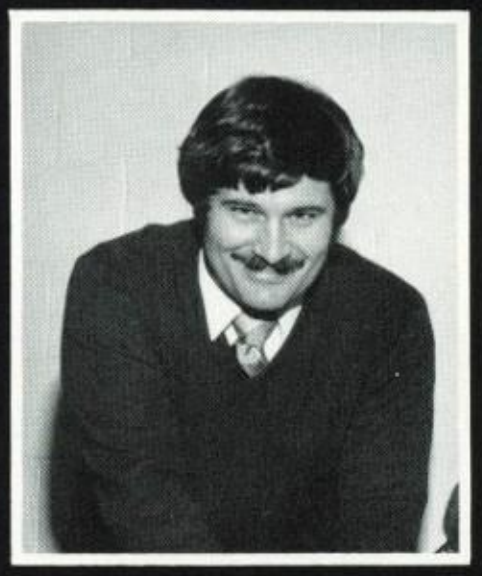
"I have learned that students need direction. Teachers must learn what specific wants and needs of students are, and then help them achieve these through adjusted teaching, guidance, counseling, and example." Mr. Duane Krienbrink — Ind. Arts.



"Each and every child is the most important person in the world to some Mother and Father." Mrs. Margery Kroeger — Grade 1.

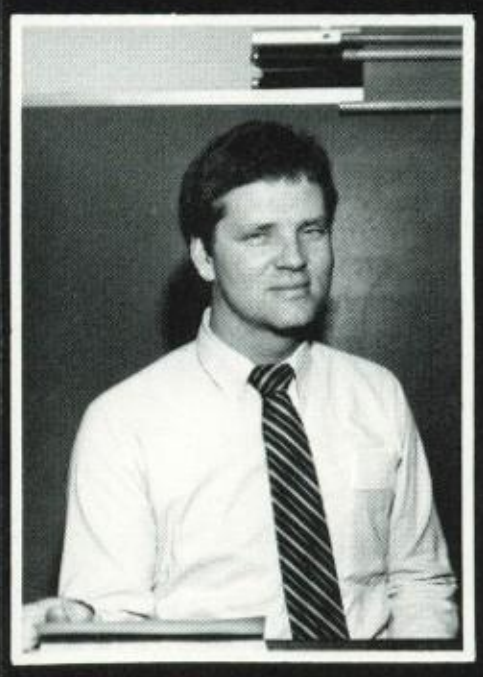
"I have learned most students have a combination of patience and a sense of humor. I've learned to have patience with incoming seventh because of their naivety, and with the eighth because they have that "see-how-far-we-can-get" attitude. A sense of humor helps. Mrs. Nancy Kroeger — Jr. High English and Science.

"I have learned that all students are different and that they possess unique ideas and personalities. These students have made my job most interesting and challenging. Just like there are no two days alike, neither are there any two students alike." Mr. James Maley — Soc. Studies.



"Each student is a unique indivisual possessing many God-given gifts. These can be developed with patience, understanding, and love on the part of the teacher and with the cooperation of the student." Sr. Catherine Nader — Title, I, L.D. Tutoring.

"I have learned that there is no end to the uniqueness of little personalities. This helps make every day interesting." Mrs. Doris Nichols — Kindergarten.

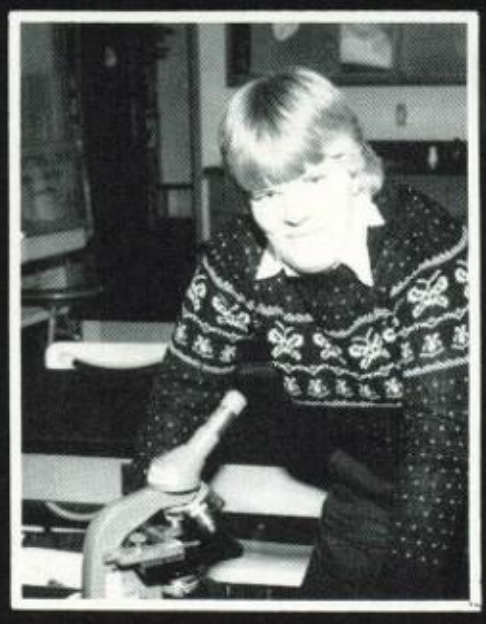


"Every time I walk into a classroom I try to take something positive away with me. Every student is different and is motivated in his or her own way. So I am constantly learning how to get the most out of my students. They can also keep you young by staying up to date. This can help create a healthy, learning atmosphere."

Mr. Steve Penhorwood — Social Studies.

Mrs. Mary Ann Rode — Intermediate L.D.

"I really owe the students of OHS an enormous piece of my heart. Besides making me a world-reowned expert of headache remedies and debating, they have taught me not to get too preoccupied with my "relatively short stature" and see the humor in practically everything. Miss Jo Roth — English

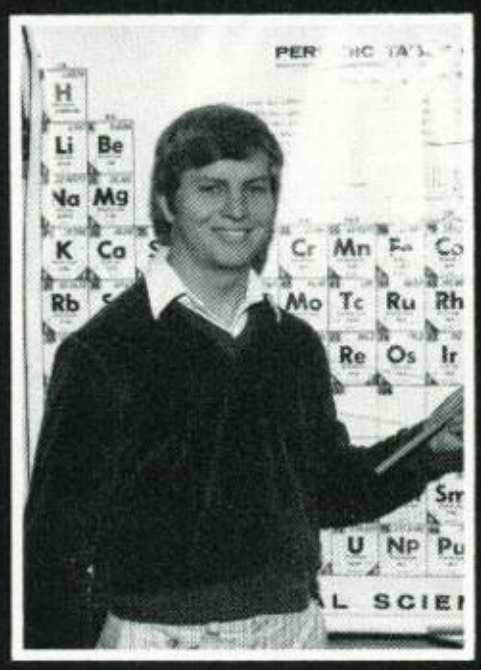


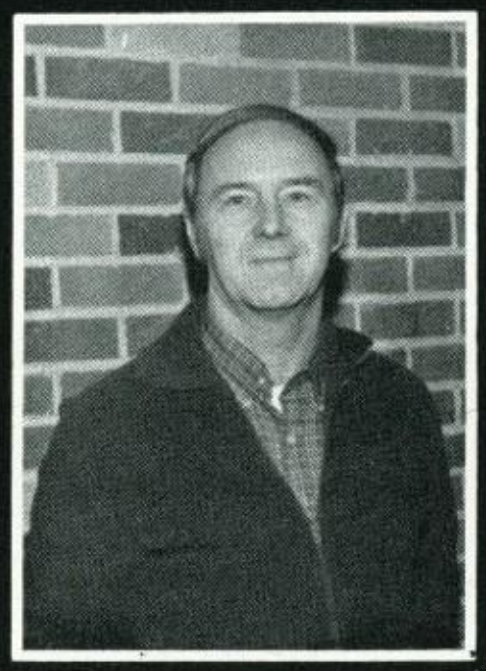
"I have learned that no goal is unattainable and no dream too big. By being involved in both the academic and extracurricular aspects of the school, I've discovered that although some things seem impossible, they actually are not." Miss Lori Schwieterman — Physical Education and Biology.

Miss Doris Shawley — Math

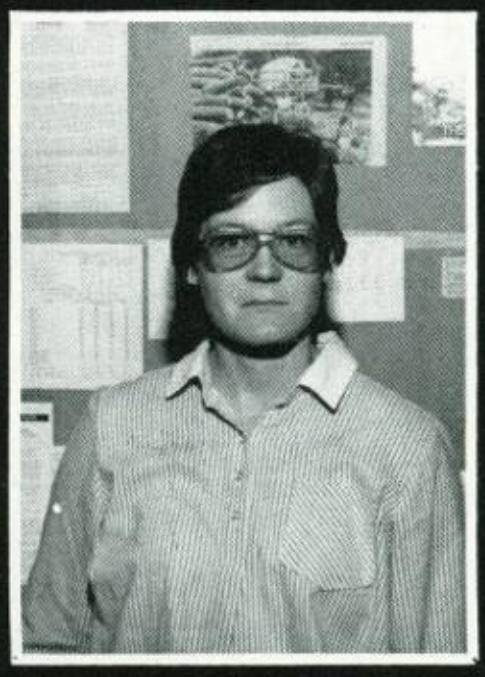
"My students have taught me that there is much more to learning than memorizing textbook facts. It is much more important that students learn to be independent, honest, and caring." Mrs. Virginia Shilling — Grade 4.

"Stimulating questions by inquisitive students on thought-provoking topics have initiated my further research to acquire scientific knowledge." Mr. Anthony Steinbrunner — Science





Mr. Robert Taylor — Physical Education.



"I have learned that students given the chance, can be trusted. The normal exception is when a student feels that being destructive, or misbehaving will gain attention from his or her peers." Mrs. Bonnie Watkins — Vocational Agriculture.

"I have learned to be persistent and start afresh each day." Miss Mary Will — Title I Reading.
